

GOATTEND - SALES

When it matter most -Sale Attendance

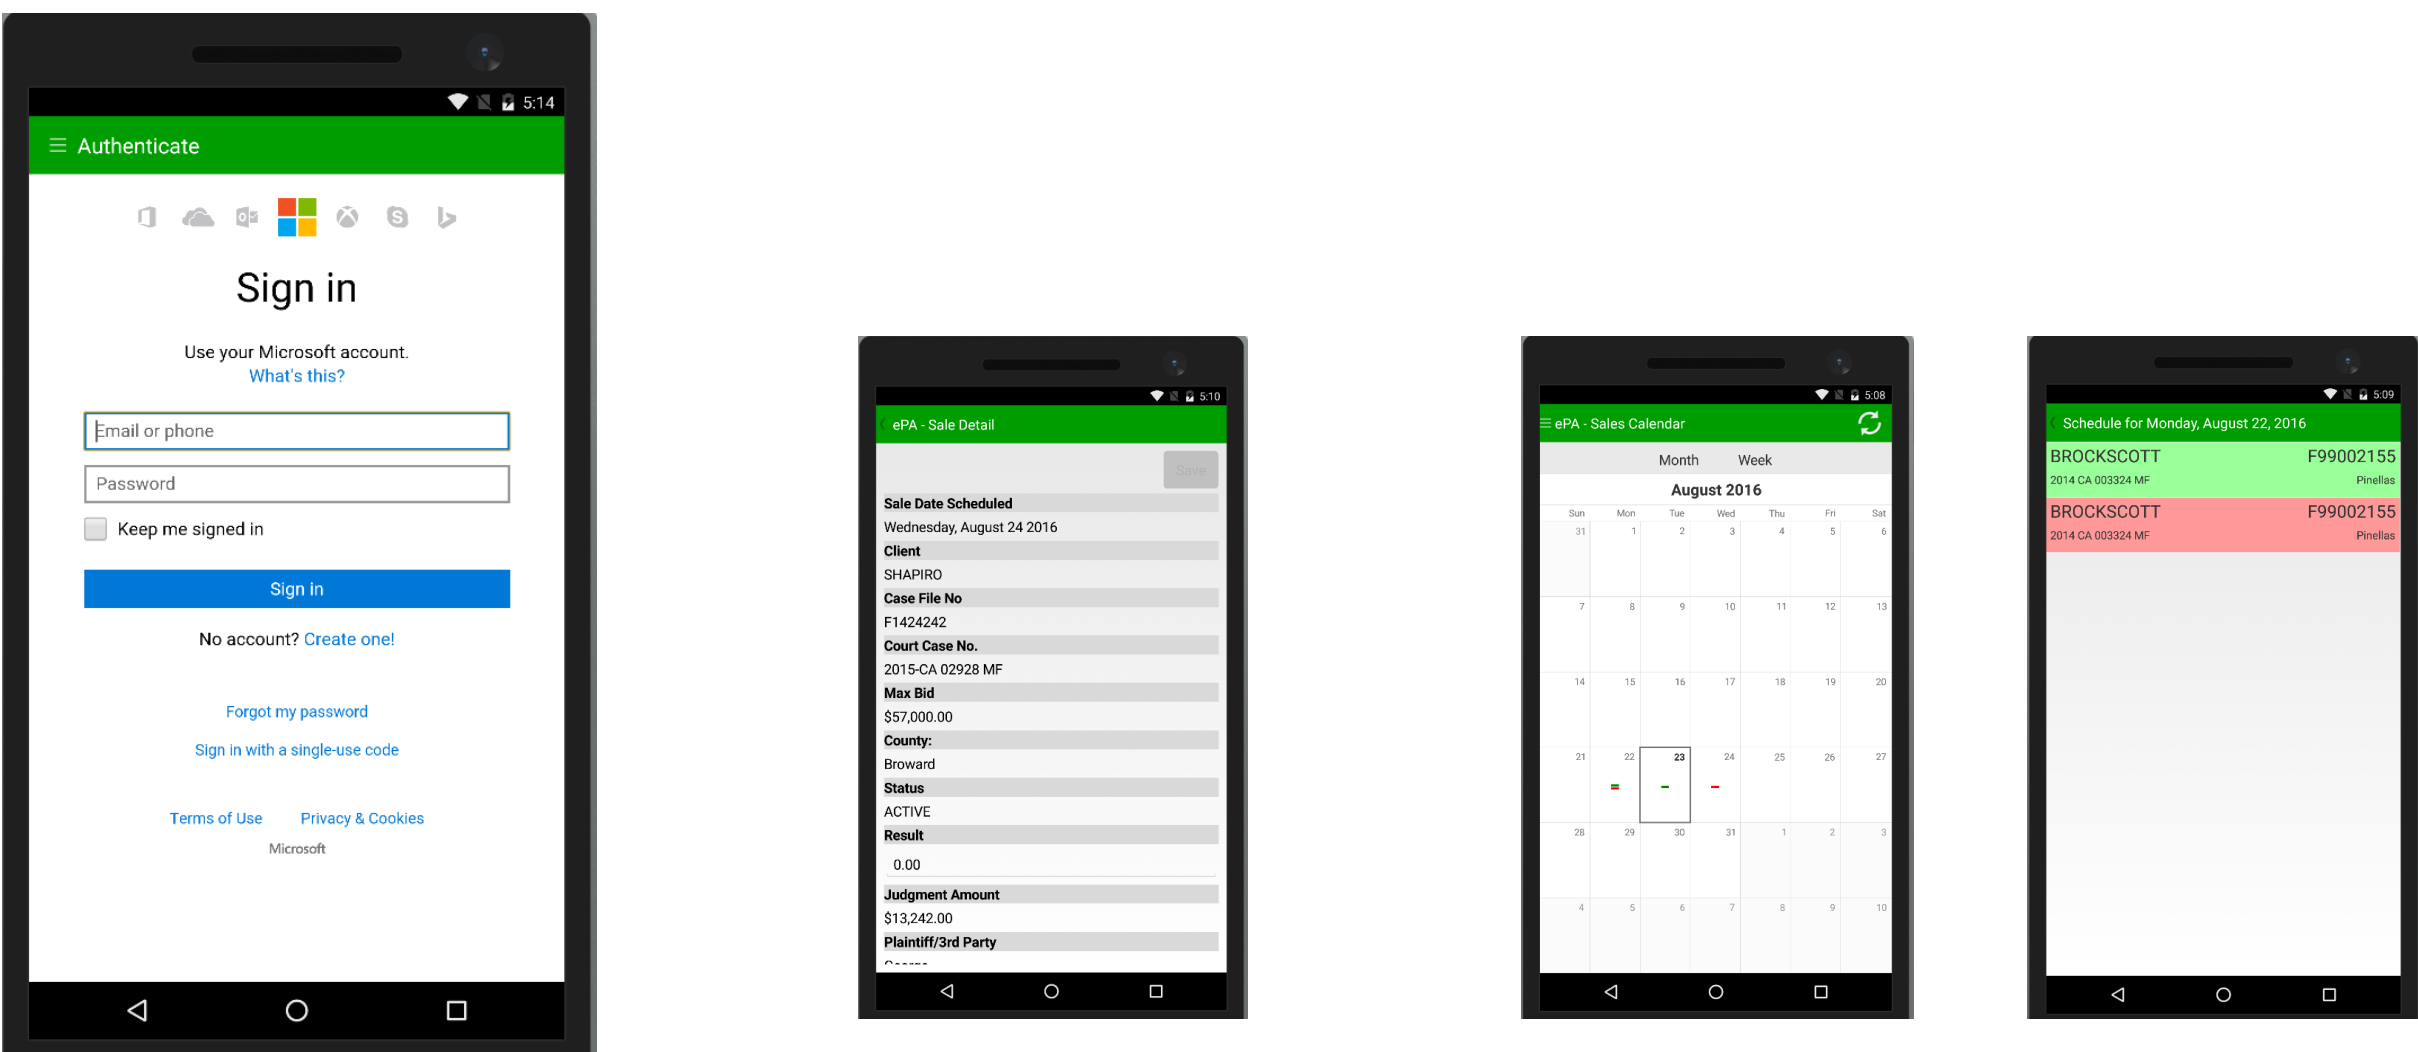

We are excited to introduce a new technology to facilitate tracking sales in other States - GoAttend!

Introduction

GoAttend - Sales Attendance - Perfect Attendance provides for industry leading Sale Attendance and other courthouse services to its Clients. In business since 2010, Perfect Attendance has attended over 260,000 sales. Perfect Attendance provides for next generation technology in attending sales via automation and integration.

We have an App for that, we are integrated and provide for real-time bidding and results to and from our clients and courthouses/Attendees. SMART technology ensures no down time.

Perfect Attendance ... when it matters most.

Benefits

Attending Sales is our Core Competency – Perfect Attendance is the pioneer as the first statewide foreclosure sale attending company that specializes in sale attending as its core competency. At the height of the foreclosure sale volume in Florida, Perfect Attendance launched into action and set out to establish a specialized, highly trained network of attendees, who are required to complete and attend ongoing specialized training. This is our niche and we provide the resources that ensure a proactive, risk mitigated approach for our clients.

We Know How To Mitigate Risk – Bidding at a foreclosure sale is high risk and all steps must coincide to ensure timely and accurate processing. Perfect Attendance implements processes and methods that prevent, mitigate and manage the risk. When you partner with PA, you outsource the risk.

We Maintain Courthouse Relationships – Due to the large number of counties in the state of Florida, the diversity in processing requirements is difficult to maintain. Our niche is to manage and properly execute these for you. We also maintain solid relationships with the county clerks that help facilitate a successful sale. Outsourcing this expertise is a must.

Smart Attendance

Perfect Attendance has worked for the last year to develop automation and integration that enables seamless real-time processing of bidding information to the clerk's office, our attendees and our clients. SMART technologies ensures no down time.

Microsoft Azure Cloud

Perfect Attendance systems are geo-graphically redundant, secure and employ the latest innovations with the Microsoft Azure Cloud infrastructure. This not only includes the systems used by the internal staff to effectively handle your business, but also the latest Client Portal websites used by our customers.

Integration and Automation

Perfect Attendance partners with NetDirector, the nations premium integration platform. Founded in 2003, NetDirector provides a Cloud-based data exchange service to improve business process efficiency and standards compliance. NetDirector creates value for organizations by providing speed in transaction processing, reducing partner collaboration costs and enabling greater responsiveness in serving customers.

Android / iPhone Apps

Our systems are built and deployed on the Xamarin and Microsoft Visual Studio platforms, which gives you the peace of mind that our systems and mobile applications are flexible and can be customized to meet any client or business needs.

GOATTEND - PA

When it matter most -Sale Attendance

Summary

We consult to meet your processing needs and through this consultation approach, we are able to design a fully integrated process with respect to providing foreclosure sale attendance to our clients. We realize that foreclosure sale attending is risky business. We know our clients are evaluated by their clients on accuracy and timely execution of requirements.

Perfect Attendance does not start and stop with attending sales. We follow a proactive approach in gathering and verifying all necessary information to ensure a consistent experience from pre-sale to sale through post-sale processing. Taking the right steps at the right time helps mitigate and manage risk and speeds up your process.
